When Judge Parker breaks his silence we bet there will be enough pieces to mend the ways of the Democratic party.

Judge Parker hasn't so much as even wig-waged yet. Statesmen afflicted with logorrhea should consult the Esopus sage for a preventive.

If you are going to Washington and don't know the ropes send to President Roosevelt for a guide. He is in a position to send you a Booker Washington.

They are worried at the White House as to what kind of tea—pink tea or some other kind—shall be given on the next social occasion. We suggest a Booker Tea.

A fashion magazine says "It is proper for a lady to wear her undressed kids to the opera." It is also the proper caper to leave another kind of her undressed kids in bed at home.

"One of the great dangers to women is that microbes get on their trail," says an eminent physician. Yes, Doc; but men are in greater danger, for don't they have to get in the mix up with microbes when they get on trail?

Hello! Is that Esopus? This is THE STAR office, Judge. Keep right on reserving your strength and keep a stiff upper lip. Don't even strain your voice. North Carolina has no idea of Alton her determination to stand by you at St. Louis. Here's luck to you! Did you hear that long distance "clink"?

So Attorney General Philander C. Knox, it is announced, "is the choice of financial and corporation interests for the seat in the Senate made vacant by the death of Senator Matt Quay, of Pennsylvania." The comorant trusts have no hard feelings against Knox, and they have now put him in a position where he will fight shy of giving them any hard knocks.

Says the Rockingham *Anglo-Saxon*: "A hog never looks up to him who threshes down the acorns; likewise men forget that by and through the assistance of their fellows, they have advanced in the world. Men should be better than hogs." A politician who lets the faithful hoist him up into the political plum tree would be a little on the hog order, too, if he should fail to throw down a few plums for those on the ground floor.

JURY OUT ALL NIGHT.

Federal Court Engaged All Day Yesterday in Trial of New Hanover Case.

STOREKEEPER AND GAUGER

Charged With Criminal Knowledge of Device to Defraud Government—Two Wilmington Causes on Civil Docket—Other Notes.

The Federal Court was engaged nearly all day yesterday in the trial of a case in which L. D. Royster, of New Hanover county, a storekeeper and gauger at the Greenfield distillery, near Wilmington, and belonging to the late A. V. Horrell, is charged with having made opportunity for the operators of the still to defraud the government. It will be remembered that the still at which Royster was stationed was seized by Revenue Officers Starkey Hare, G. W. Samuels and D. C. Downing and that they found running from the still a secret underground pipe which by turning a cock conveyed most of the spirits from the government tank upon which tax must be paid to another receptacle under the earth from which it was afterwards pumped, no tax being paid on the same. Mr. Royster is charged as a government employe with having had guilty knowledge of the presence of such a device. He was represented at the trial yesterday by former District Attorney C. M. Bernard, of Raleigh; Claude Dockery, Esq., of Raleigh, and A. J. Marshall, Esq., of Wilmington. The three revenue officers were introduced for the government while seven employes at the still and character witnesses were introduced for the defendant. The hearing was long and tedious and it was 5 o'clock yesterday afternoon when members of the jury filed out of the court room to make up their verdict. They were unable to agree, however, and were still out when the STAR went to press this morning.

The jury is composed as follows: J. B. Winders, R. V. Leonard, Jas. H. Taylor, J. C. Atkinson, John J. Knox, O. B. Garris, J. C. McMillan, J. B. McCallum, J. Meschaw, J. K. Bannerman, Seth Andrews, J. W. Andrews.

The District Court docket was practically completed yesterday and the session to-day will be to hear the verdict of the jury in the Royster case, if one shall be reached, and to hear a motion by Brooke G. Emple, Esq., for a modification or stay of judgment in the case of Pete Evans, colored, of Wilmington, charged with "crimping" or unlawfully receiving a part of the wages of a seaman for his services in shipping the sailor. Mr. Emple hopes to get his client off with the payment of a fine without imprisonment.

During the morning hours of the court Judge Purnell heard and granted a petition for a modification of the sentence of Percy C. Blake, of Lumberton, to 60 days in jail and to pay a fine of $100 and costs. The imprisonment was suspended on payment of the fine and costs and Mr. Blake was discharged.

J. M. McLaughlin, J. C. Burke and R. W. Collins were excused for the term as jurors. Subsequently all petit jurors were discharged for the term except those engaged in the trial of the Royster case. The grand jury having completed its work, came in at 1 P. M. and was discharged with the thanks of the court.

During the morning session the trial of Chas. W. Woolvin, of Pender county, charged with retailing, was resumed. He was represented by Messrs. Bellamy & Bellamy, of Wilmington, but by request of the District Attorney, who seemed satisfied that the prosecution was actuated by malice, the jury under instruction of the court returned a verdict of not guilty and the defendant was discharged.

Case of Will Johnson, Scotland county, charged with retailing, was continued for bill.

Two cases on the civil docket were taken up during the day. In the matter of C. D. Weeks, trustee of Flynn & Co., voluntary bankrupts, against H. S. Watkins, F. H. Holiday and R. H. Bruce, Judge Purnell signed an order refusing petition of the trustee for issuance of a rule to show cause for contempt for refusing to pay into the hands of the trustee the sum of $4,080 according to judgment rendered on April 28th, the said amount to have been paid in ten days. Judge Purnell in his order holds that it is not contemplated in the statute that a proceeding in contempt is proper for the collection of money or as a substitute for an execution. Contempt proceedings in bankruptcy are provided for under Sec. 41 of the Act of 1898, before the Referee, who must certify the same to the Court. There was no such certificate in the proceeding in hand nor did the application come within the meaning of the provision in the section nor in other parts of the act. The jurisdiction of the court is held strictly statutory. The case was one in which the trustee sought to have the defendants pay back into the bankruptcy court certain amounts received from the bankrupts within the time prescribed by law.

In a case brought by W. T. Kaufman, receiver of the Standard Pole and Tie Co. against the Seaboard Air Line Railway Co., for the recovery of certain property levied upon under the state courts to satisfy a claim of $1,666.68 for freight and wharfage, Judge Purnell signed an order restoring the property to plaintiff, it having appeared that the plaintiff had been duly adjudged bankrupts and discharged therefrom in New Jersey, the plaintiff to recover costs of the defendant. The case came on for a hearing before Judge Purnell in Raleigh May 8th but was continued by consent. Yesterday on motion of Hon. Jno. D. Bellamy, attorney for plaintiff, and Iredell Meares Esq., attorney for defendant railroad, after consideration of complaint and answer, it was adjudged that the order heretofore made be continued and that the defendant and Sheriff of New Hanover county be ordered to turn over the property levied upon to the plaintiff and the defendant is restrained and enjoined from the further prosecution of its action in the State courts as against said property attached and levied upon.

A MOST UNUSUAL CHARGE.

Negro Thought His Crazed Wife Dead and Married Again—Woman Recovered Reason and Returned to Him.

If it's the extraordinary in magisterial jurisprudence that you're after, consult Justice Bornemann's docket, if you please, and your desires will never want of satiation. Justice Bornemann came in last night from a trip to the country with Constable Savage and landed in jail one George W. Jones, colored, who will be given preliminary trial to-day at noon upon the dual charge of bigamy and abandonment and non-support.

The circumstances are most unusual. It appears that about four years ago Jones became the disciple of one "Peace" or "Percy of Dominica," the negro fanatic who established a strange belief among certain ignorant negroes in Wilmington and was at length sentenced to a term of 20 years in the penitentiary for causing one of the female members of the flock to indulge in a religious fast of such long duration that she died. It is alleged that prior to the extermination of the sect by the sentence of its leader to the penitentiary, Jones was found too devoted to some female members of the same flock and that his wife remonstrated with him for his neglect of her, whereupon she was beaten very severely and to such an extent that she lost her reason. She was examined by a commission of lunacy and sent to the asylum. Lately she regained her reason, returned to Wilmington and went in quest of her husband. For the first time since she returned, she laid eyes on him at Front Street Market yesterday morning. He was driving a country cart and when she asked him to again claim her as his wife, he said "no" and whipped up his horse, leaving her standing in the street. She applied to Justice Bornemann and as the result of an investigation it was found that Jones had married again and had a wife and three children in the country. Last night he was arrested and confessed to his superfluity of wives, but said that he thought that his first wife was dead. She said that after she was beaten by her husband four years ago, she knew nothing more until she found herself in the asylum. The case promises to be most interesting.

OPERA HOUSE IMPROVEMENTS.

Public Building Committee Recommend Award of Bids for Carpeting, Etc.

After having received bids until yesterday noon and opened the same at that hour, the Public Building Committee of the Board of Aldermen met last night in the office of the City Clerk and Treasurer at the City Hall and recommended the award of contracts for the installation of a modern heating plant and the laying of new carpets, etc., in the Academy of Music, according to plans and specifications previously agreed upon. Present at the meeting of the committee were Chairman Z. E. Murrell and Aldermen W. E. Yopp and J. A. Karr.

The committee recommended the award of the contract for the heating plant to Glavin Brothers for $1,975. The other bidders were the Cape Fear Machine Works, $2,192, and Chas. M. Whitlock, $2,623.26. Each bidder was allowed to submit his own plans and specifications, the committee reserving the right to select whichever might be deemed most suitable.

For the carpeting there were only two bidders—The C. W. Polvogt Co. and J. H. Rehder & Co. Proposals were submitted on two grades, but the committee decided to use the better quality. For the second grade the Polvogt Company bid $336.80 and J. H. Rehder & Co. $319.50. For the best grade, extra heavy two-ply ingrain fabric, the Polvogt Company was the only bidder at $375.60. For carpeting the four boxes, Rehder & Co. bid $10.85 and the Polvogt Co. $11.90, according to samples submitted. Everything considered, it was decided to accept the bid of the Polvogt Co. for the whole at $387.50. The carpeting will be ordered at once and it will be laid as speedily as possible. Work on the heating plant will also be commenced as early as practicable.

Godly Military Laws of State—North Carolina Episcopal Diocese Inaugurates Healthy Movement for Remedy of Divorce Evil.

[*Special Star Telegram.*]

RALEIGH, N. C., June 10.—Adjutant General Royster and the Advisory Military Board to-day selected August 9th to 19th as the time for the encampment of the North Carolina National Guard and appointed General Armfield, of Statesville, Col. H. C. Bragaw, of Washington, and Col. J. N. Craig, of Reidsville, a committee to inspect the sites offered by Morehead and Wrightsville Beach and report with recommendations to the Adjutant General. The First regiment will not go into camp, being assigned to drill at Manassas in September.

Col. Carl A. Woodruff, Col. Minor, of Oxford, and Major Staples Fuller were appointed a committee to codify the military laws of the State.

Col. Walker Taylor, Capt. J. VanB. Metts and Mr. A. B. Skelding were here to urge the claims of Wrightsville. Superintendent S. L. Dill, of the A. & N. C., advocated Morehead.

The convention of the North Carolina Diocese to-day adopted resolutions in conformity with the recommendations of Bishop Cheshire expressing its sense of the evils of the present divorce laws and providing for an address to the people of all denominations, urging co operation for legislative reform. Provision was made for putting an agent in the field to raise funds to lift the debt on St. Mary's School. No appointment is made yet. The convention adjourned at 5:30 o'clock.

At a mass meeting to night in Metropolitan Hall pastors of churches of all denominations delivered addresses against the present divorce laws in North Carolina, insisting on a return to the Code of 1883, the Legislature to be memorialized to that end.

SOLICITOR BROOKS IS CONFIDENT.

More Counties Solid for Stedman Than for Any Other Candidate.

In his report of the proceedings of the mass meeting in Greensboro Thursday night, the Greensboro *Telegram* has the following embodying an expression from Solicitor A. L. Brooks, manager of Maj. Stedman's candidacy for Governor in North Carolina:

Mr. A. L. Brooks was asked to state the object of the meeting. He was cheered often in his remarks. He began by saying it was only that morning that the meeting was called by the committee, but yet a large assemblage was before him for the purpose of organizing a Stedman Club. Continuing he said: "When this campaign was started I was asked to conduct it. It was found that the people were looking to Guilford county for their candidate for Governor, looking to Major Stedman, that Democrat of the old school, that true type of Southern gentleman, and that noble Confederate soldier, for the Democratic candidate for that high office. And all over the State from mountain to sea, more counties have gone solidly for Major Stedman than any other single candidate. But some of the supporters of other men, through fear of defeat, have resorted to means which have for their end an intention of hurting his character. When a man tells a falsehood on you it is caused by two things: he is afraid of you and he hasn't any truth to tell. I have become familiar with every section of the State in this campaign and feel sure that Major Stedman will win in the coming convention by a safe majority."

Cotton and Naval Stores.

Cotton receipts during the past week were only 117 bales against 310 same week last year; since Sept. 1st, 330,866 again 319,148 during a corresponding period last season. In 1903: Spirits, 935; rosin, 2,824; tar, 1,193; crude, 1,323.

It cost only 75 cents extra to return on regular train June 22nd if you go to Raleigh June 20th on Gough's Rapid Flyer.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

SATURDAY MORNING, JUNE 11

WE MUST ACQUIESCE.

Representative Richardson, who is one of Alabama's delegates-at-large to the St. Louis convention, says that though Alabama's 24 delegates are uninstructed they will be cast for Judge Parker. According to Mr. Richardson, and he states the proposition correctly, "the Democrats of the South are under a kind of moral obligation to nominate Judge Parker, since, by general consent, the party in all portions of the country waited in an acquiescent mood for the Democracy of New York to declare their choice."

Mr. Richardson made these remarks in a newspaper interview in Washington. He expressed the situation as North Carolina understood it. It was agreed that there would be no chance for a Democratic candidate unless he could stand a chance of carrying New York and other doubtful States. It was the policy to let New York name the candidate, and that candidate has been named in the person of Judge Parker and all the doubtful States have endorsed him.

As North Carolina "waited in an acquiescent mood" the most unmistakable way to acquiesce in the choice of the States which we need in electing a President is to instruct our delegates to stick to Parker through thick and thin.

What sense would there be to be for Parker and not instruct for him? We pause for an answer.

SHELVING THE TRUST BUSTER.

Here is something rich from the Philadelphia *Record* of Thursday:

At a conferebce of the Senator-makers yesterday it is understood that spokesman for Wall street and representatives of a number of corporations insisted that Attorney General Knox should be elected to succeed Mr. Quay. Considering that he is a corporation lawyer, Mr. Knox has been doing considerable execution as a Trust-buster, but the occupation is not supposed to be congenial to him, and at the present moment the Administration and its friends do not wish to bust any Trusts.

Mr. Knox has gone so far under the inspiration of Mr. Roosevelt that he can hardly refrain from going further without inviting unpleasant comparisons. If he should go into the Senate he would be relieved of the duty of pushing the cases he now has on hand, while his successor, being a new man, could, of course, do nothing at present, and the friends of the Administration would not be embarrassed by suits against the Trusts from which they are seeking campaign contributions. Altogether, it appears to the gentlemen who urge Mr. Knox's election that several birds could be brought down with this one stone.

This is a nice plan all round. The trusts seem to understand how to help Roosevelt out in his not to run amuck programme. The President is disarmed of his trust buster, but safely the people can see through the thing.

The best way to keep a rattlesnake from doing harm is to pull out his fangs.

"BERNARD"

The above heading appears over an editorial in the Charlotte *Chonicle* of Thursday:

"If Major Stedman lands," says the Salisbury *Sun*, "nothing will be too good for W. H. Bernard, of the Wilmington STAR. He has proved himself a press agent of exceptional value." The fact is that neither Major Stedman nor anybody else could give old man Bernard anything. He does not know what a pie counter looks like. Every week day in the year, since about the close of the war, he has been found devoting his energies to keeping the STAR bright. When Bryan was in Charlotte a few years ago, the greatest surprise of the occasion was the presence of Major Bernard. He had never before got so far away from home, but Bryan was a magnet at that time and drew him, but couldn't do it now. The old man of the STAR sometimes goes down to the beach to get a whiff of the salt air and on rare occasions he may venture as far as Goldsboro on the east and Meares' Bluff on the west, but he is rarely caught beyond these limits. His heart is in the STAR office and there is where he lives. He would rather be there than in the court of St. James.

The beloved *Chronicle* Wades into the *Sun* spots in such a way as to deflect the hot rays and cleverly bring on a premature eclipse. No need for us to say anything back at our esteemed Salisbury contemporary, for the Joshua of the *Chronicle* makes the *Sun* stand still. Brother Harris has made it necessary for us to raise our Panama and lay aside for him our best rod and tackle for an early piscatorial excursion.

THE PRETTY GIRL WAITER.

This is from the Charlotte *Evening Chronicle* of Thursday:

The North Carolina hotels have been falling into line with the movement to displace colored waiters with white help. The hotels that have made the change have found it satisfactory in every way. On this line, the *Hotel World* says:

"Time was when the colored man was the only safe, sure waiter for the commercial hotel and the imported waiter was the choice for the fashionable place. Now waitresses are displacing the colored waiters in many places where formerly the service of the former would have been deemed totally impracticable. You ask any hotel proprietor or manager why it is that he employs girls, and you are told that the guests prefer their service, and here (wages also considered) is the sum total of the argument why waitresses are now so much employed."

White girls are taking the place of the negro in the hotels and white barbers are crowding him out of business in the tonsorial art. Thus his field of opportunity is gradually being narrowed and the time is coming when the negro must make himself competent in other lines, for only competency is going to count.

Several North Carolina hotels have invested in the pretty girl waiter.

She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was sheumatism and her ankles would be all puffed up every morning; she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, June 10.—The cotton market opened at a decline of four to seven points under liquidation by some of yesterday's buyers, who were discouraged by the lower cables and more favorable weather than expected. July, which had shown considerable firmness on the previous day, was particularly weak, and soon after the opening declined to 11.40 under selling by commission houses, this being a net decline of twenty-five points, while the new crop sold to a net loss of ten and twelve points. But around the lower figures a very good demand developed which gradually rallied prices. It is reported that some exporting was to be made from the New York stock, including 1,000 bales to go out to-day and this drew attention to the small contract supplies at this center, while the forecast called for rains in the territory and promoted covering for over Sunday in fear of continued weather in the western belt. At any rate prices after the opening became quite steady and catching stop orders in the early afternoon caused a rapid advance which carried July to 11.97, or fifty-seven points up from the lowest of the session and a net gain of thirty-four points, while October and December sold up to 9.98 and 9.92 respectively, net gains of from nineteen to twenty points. Trading was feverishly active on the advance, but demands seemed to be pretty well filled up at the gains, and the last half hour showed a declining tendency under profit taking by room longs. The market was finally steady at a net gain of eleven to twenty two points, with July leading the advance. Sales were estimated at 450,000 bales. The buying was in part of a very good character, coming from spot houses and various trade interests, while brokers who have been recently operating for investment were free and open buyers of July and August. Aside from the unsettled condition in the Southwest, the weather was favorable and private correspondent accounts are excellent.

— Raleigh News and Observer: Help those "good women" by improving the jails. There is need of improvement in Wake and most other counties. All citizens owe the good women a debt of thanks for agitating the improvement of jails. It is the same spirit that made Dorothy Dix a ministering angel to the insane.

KIDNEY DANGERS

Diseases of the Kidneys, Bladder and Urinary organs are on the increase to an alarming extent, and often a dangerous stage is reached before the victim is aware of his affliction. Immediate attention should be given to the first symptoms, no matter how slight they may appear. Pains in the back, Dizziness, Irregularities and change in color of urine, frequent desire to urinate, etc., are warnings of nature of a derangement of these important organs.

STUART'S GIN AND BUCHU is a tested remedy for these diseases, and has made some wonderful cures. It acts immediately, and its curative power is seen at once. It can be relied upon even in advanced dangerous stages of the disease.

Samples Sent Free.

Everyone is invited to test this remedy free, and a trial sample will be sent without cost to all who send their name and address to STUART DRUG CO., Atlanta, Ga.

SPIRITS TURPENTINE.

— Officer D. H. Collins returned to Greensboro on Thursday from Bloomington, Ill., bringing G. A. Summers, wanted for alled embezzlement of eighteen hundred dollars of the money of the Singer Sewing Machine Oompany. Summers has retained able counsel, who will contend that the money in question, and which Summers converted into a cashier's check before leaving Greensboro, was due him by the company.

— Salisbury Sun: It is just like North Carolina Democrats to forget and have a family row. We read that there is trouble in the little county of Scotland, which has only seven votes in the State convention. The Republicans have no ticket out but there is a factional fight on among the Democrats with the possibility of an independent ticket (composed of Republicans, of course) winning. We are strange folks, we North Carolina Democrats, in some particulars.

— Southport Standard: We are not proud nor puffed up, but as the preachers would say are righteously gratified at the large successes Brunswick boys are making. For the past three weeks we have been telling nice things about our boys, and now comes good tidings from Maryland. Dr. W. N. Weeks, son of Mr. Wm. Weeks, wins out, leading a class of 50 men before the Board of Dental Surgery. When the papers were marked up Walker N. Weeks, of Southport, was No. 1.

— Newbern Journal: Some idea of the size of the early potato crop can be obtained from the number of wagons containing barrels of tubers that were seen at the E. C. D. dock yesterday. There was almost a constant procession of wagons on Craven street from the west and north of the city and numerous boat loads from towns up the rivar. The total shipment was 1,500 barrels of potatoes; 500 baskets of beans; 300 sacks of yams; cucumbers, turnips, and other vegetables in smaller quantities.

— A letter to the Raleigh News and Observer of Friday says: On Monday evening, the 6th, the people of Swift Creek suffered a great loss by rain, wind and hail. The hail stones were from the size of grapes to as large as marbles and the ground was soon covered. Mr. Billy Powell's crop of corn and cotton is a total loss and one on of Mrs. J. S. Patrick's farms, about forty acres of cotton and about ten in corn, is all beat into the ground, and the people throughout the neighborhood suffered considerably

— Salisbury Sun: The atrocity of the crime which caused the death of a brave engineer and his fireman on the Salisbury yard this morning (and it does not admit of doubt that the train was deliberately wrecked) could not be compared with burglary, which in North Carolina is a capital crime. We have always held that train wrecking should be punishable by death. There is involved in this crime wanton disregard for human life, to say nothing of consideration for destruction of property. Whether the crime is animated by a purpose to rob or to satisfy a spite at a railroad or some individual, the same principle obtains—lives, if not actually sacrificed, are jeopardized. For the protection of its citizens the Legislature should enact more stringent laws on this subject.

— Raleigh News and Observer: Judge Henry G. Turner, of Georgia, who died at Raleigh Thursday morning about 2 o'clock, was a fine type of the Southern gentleman. In Georgia, he was one of the most prominent citizens, and his death will bring keen regret. Judge Turner was born in 1839, in what was then Franklin county, a portion of which later became part of Vance county. He completed his education in the University of Virginia, and obtained a license to practice law, going to Georgia in in 1858. At the outbreak of the Civil War he enlisted in a Georgia regiment, but at his request was transferred to a North Carolina regiment, and became a captain in the Twenty-third North Carolina. He was in prison at Johnson's Island, and when the war closed returned to Georgia, his home being at Quitman. He was prominent and active in affairs of State, and for sixteen years served in Congress with distinction, being well known for his work on the Ways and Means Committee. He voluntarily retired from public life on the adoption of the Chicago platform, as he was opposed to the declaration for free silver. Last March he was elected one of the judges of the Supreme Court of Georgia, and a short time ago resigned that position because of ill health. He was an able man, a soldier, a jurist and a statesman. He was held in the highest esteem throughout Georgia, his probity of life and his high order of ability winning hosts of friends.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Benterville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. BELLAMY, druggist. Trial bottles free; regular sizes 50c and $1.00.

Dr. PIERCE'S FAVORITE PRESCRIPTION FOR WEAK WOMEN.

—The board of directors of the Atlantic & North Carolina Railroad held a meeting at Morehead City on Thursday. The business transacted was routine except that it was determined to curtail expenses as far as possible. It was the general opinion of the directors that a dividend would be declared in September, at least one, and probably two per cent. There will be no extra expenses this year. The only warehouse not built, which is needed, is one at Morehead, and that will probably be constructed next year. That will be the last of the permanent improvements which were needed to handle the increased business of the road. The road is reported to be in excellent condition and the prospects of good business during the summer are excellent. The hotel at Morehead is admirably kept under the management of Mr. A. J. Cooke. Mr. R. W. Taylor, one of the directors, has a supervisory oversight of the hotel, and the finances are under his control. It is reasonably certain that the hotel will show a good profit at the end of the summer season.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience Mrs. S. H. Newson, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidneys, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by R. R. BELLAMY, druggist.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

By Telegraph to the Morning Star.

NEW YORK, June 10.—George Billups, of Norfolk, Va., a cabin passenger on the Old Dominion Line steamer Princess Anne, from Newport News and Norfolk, jumped overboard to day while the vessel was steaming up the lower bay off the Romer shoal. The ship was stopped and a lifeboat launched. Within twenty minutes of the time Billups jumped through the port hole, the boat was alongside the ship and the man taken on board in a dying condition. Every effort was made to restore him, but without avail. The body was brought to the city and the coroner's office notified. No reason for the suicide is known.

NORFOLK, VA., June 10.—George C. Billups was a son of Cecil Billups, one of the largest farm implement manufacturers in the South. He had been in a melancholy mood for several months and his people were worried over his mental condition which was aggravated by the use of liquor. He had threatened suicide on several occasions.

VIRGINIA DEMOCRATS.

State Convention Refused to Instruct Delegates to St. Louis.

By Telegraph to the Morning Star.

RICHMOND, VA., June 10.—The State Democratic convention reassembled to day and adopted the platform just as it came from the committee on resolutions. The question of instructing the delegates to St. Louis for Parker came up and Senator Daniels spoke in opposition to either endorsement or instruction. Mr. Braxton favored expressing preference for Parker.

Senator Martin spoke against endorsement of or instructions for Parker and the convention declined to endorse or instruct. The convention adopted the primary plan as amended by the convention committee. It provides that all State officers shall be nominated by a secret primary ballot and the election safeguarded by all the laws thrown around regular elections to prevent fraud. The convention then adjourned.

Port Arthur.

ST. PETERSBURG, June 10.—There is reason to believe that the plans for the departure of the Port Arthur squadron in the event that the fall of the fortress becomes imminent, have been completed. They involve the co-operation of the Vladivostok squadron. After the blockading fleet has been engaged the uninjured Russian ships will effect a juncture with the Vladivostok squadron and make their way to Vladivostok. The attempt may occur at the first favorable opportunity.

JAPANESE DRIVING OUT THE RUSSIANS.

Important Operations of General Kuroki's Army Against the Russian Forces.

OCCUPIED SEVERAL TOWNS.

Dislodging the Enemy from Each After Sharp Fighting—Gen. Kuropatkin's Report of the Operations of the Japanese Forces.

By Telegraph to the Morning Star.

ST. PETERSBURG, June 10.—The Japanese have taken Siu-Yen, driving out the Russians. The enemy appears to be advancing on Hai-Cheng.

WASHINGTON, June 10.—The following cablegram has been received at the Japanese legation from Tokio, dated June 10th:

"General Kuroki reports that a detachment of our troops occupied Saimatsza on June 7th. Our casualities were three killed and twenty-four men wounded. The enemy left on the battlefield twenty-three killed, besides two officers and five men who were made prisoners.

General Kuroki's army, co-operating with the forces that landed at Takushan, occupied Siu-Yen on June 8th, driving the enemy toward Tomucheng and Kaiping. The enemy consisted of four thousand cavalry and six guns. Our casualities were three men killed, one lieutenant, one sub-lieutenant and twenty-eight men slightly wounded.

Important Operations.

FUSAN, COREA, June 10.—The first Japanese army has recently been engaged in most important operations. For two days past four columns have been reconnoitering the roads towards Liao Yang, Hai Cheng, Saimatsza and Siu Yen and have occupied towns on those roads, dislodging the Russians, numbering several hundred, from each, after a sharp fight. The Japanese casualities were 65 men killed or wounded.

TOKIO, June 10, 5 P. M.—General Kuroki reports that a detachment of Japanese troops on Tuesday routed a battalion of Russian infantry, with two guns at Hai Machis, the Japanese losing three men killed and 24 wounded. The Japanese captured two officers and five men. The Russians left on the field 23 men dead or wounded and probably lost seventy men.

A Japanese detachment dispatched in the direction of Tung Yuan Pu repulsed sixty or seventy of the enemy's infantry at Lin Chau Tai Monday and on Tuesday encountered six companies of Russian infantry and three hundred cavalry at Chan Chiah Sihi. After two hours' engagement the Japanese drove the Russians off in the direction of Tung Yuan Pu. The Russian casualities were seventy or eighty men killed or wounded. The Japanese lost four men killed and sixteen wounded.

On Wednesday a Japanese detachment co-operating with another detachment from the force landed at Taku Shan, encountered a Russian force of four thousand cavalry, with six guns, near Siu Yen and drove them back towards Chi Mu Chang and Kai Chou, losing three men killed and two officers and 28 men wounded.

ST. PETERSBURG, June 10.—The Emperor has received from General Kuropatkin the following telegram, dated June 9th:

"The Japanese bombardment, June 8th, on the coast between Senyuchan and Kaiping caused no loss nor material damage, though a considerable number of charges were fired. One man doing hospital duty was fatally wounded and two wagons were damaged. All was quiet on the coast this morning, but several Japanese ships were cruising in the offing. On June 7th the Japanese slowly continued their march toward Siu Yen by the Takushan and Feng Wang Cheng roads. Their advance guard did not approach nearer than five miles south and east of Siu Yen. On the morning of June 8th a Japanese infantry brigade, two mountain batteries and five squadrons of cavalry marched against Siu Yen. About 11 o'clock the Japanese appeared before the town on the south side, but were checked by a very successful fire from our batteries.

"Japanese infantry then began advancing against the town from the east by the Fang Wang Cheng road, and came in contact with the Cossacks holding the pass. After two hours fighting the Cossacks were obliged to retire and our artillery opened fire along the pass, not allowing the Japanese to establish themselves. At this moment a Japanese mountain battery arrived and took a position to the south, but after firing a few rounds was silenced by our battery. A second Japanese battery did not succeed in getting into action but was compelled to evacuate its position under the fire of our guns.

"In the course of the fight a flanking movement by several battalions of Japanese infantry was observed north of Siu Yen threatening our line of retreat. Consequently our Cossacks gradually withdrew five miles from Siu Yen, keeping up their fire from a battery on a dense column of the enemy at a range of 600 yards. The fire slackened about five in the afternoon. Among our losses were Cheremissineff, chief of Cossacks, Cornet Komarovski and Lieut. Col. Possokoff.

"In the affair June 7th at Vafingow we had one rifleman wounded, but the Japanese sustained considerable losses. According to the testimony of residents they had forty killed or wounded.

"Details of the affair at Saimateza follow:

"June 7th at 7 P. M. an outpost company on the Aiyang road was attacked by the enemy. A detachment of chasseurs was sent as a reinforcement. More Japanese then appeared. One battalion with a mountain battery took position before Saimateze. The chasseurs at first pressed the Japanese, inflicting losses and taking rifles and equipments from the killed, but the advance was checked by a very severe fire. Reinforcements now joined the enemy, bringing up their strength to a brigade of infantry, two batteries of artillery and three squadrons of cavalry. Thereupon the commander of our detachment ordered a retreat towards Fenchuilin pass. The detachment withdrew slowly and in good order, holding successive positions. Our wounded included Captain Makharoff and Lieut. Ronjitski. Both officers, however, remained in the ranks. About one hundred men were killed or wounded.

Attempt to Kill the Czar.

LONDON, June 10.—The "Daily News" asserts:

"Two infernal machines were found on the night of June 7, concealed in tobacco boxes in the Tsarskoi palace, where the Russian Emperor is now residing. One of the machines was in the dining room, the other in the audience chamber. The machine in each was working when discovered. The strictest secrecy is observed, and this statement, although true in every detail, is sure to be categorically denied."

THE MOROCCO BRIGANDS.

Release of Perdicaris and Varley Expected in a Few Days, But This Will Not End the Trouble.

By Cable to the Morning Star

LONDON, June 11.—The release of Perdicaris and Varley may be expected in a few days, says the Tangier correspondent of the "Daily Mail."

"Practically all of Raisuli's conditions have been accepted by the Sultan, and the sheriff of Wazan, who is conducting the negotiations, is satisfied that he will receive the Sultan's pardon.

"I understood that the bulk of the ransom will be furnished by the deposed governor of Tangier, Abder Sudok, who leaves for Fez immediately. It is feared that a tribe inimicable to Raisuli which holds the country between Tangier and Benisiros may attempt to seize the money in transit.

"The United States is determined to deter further acts of brigandage which are likely to be encouraged as a result of Raisuli's success, and the release of Perdicaris will see the beginning of a real crisis here."

THE BUSINESS SITUATION.

Trade Conditions Unchanged—Growing Confidence in the Future.

By Telegraph to the Morning Star.

NEW YORK, June 10—R G Dun & Company's review of trade says:

Current trade conditions are without change and collections continue slow as a rule, but there is growing confidence in the future, dealers exhibiting an inclination to prepare for Fall and Winter on a larger scale. There is still much complaint that the weather is unseasonable for retail distribution, and payments are not prompt. Reports regarding the building trades are almost uniformly favorable, structural work increasing as the season advances and prospects are brighter. Railway earnings now practically complete for April show loss of only 2.9 per cent, compared with last year and surpass the corresponding month of any previous year. The decline in the cost of living has continued without interruption since March 1. Commercial failures this week are 227 against 215 the corresponding week last year.

THE DEPORTATION OF UNION MINERS.

Seventy-six Men Placed on Train and Sent Out of State by Military Authorities.

FROM TOWN OF VICTOR, COL.

Another Party of Exiles to Go To-day. Sixty Men Sent to the County Jail Charged With Murder—Statement of the Trouble.

By Telegraph to the Morning Star.

COLORADO SPRINGS, June 10.—Acting under the orders of Adjutant General Sherman Bell, of the State National Guard, a special train was made up shortly after noon to day in the Short Line yards at Victor, for the deportation of seventy-six union miners. The train was composed of a combination baggage car and two day coaches. Almost immediately the work of loading the men began. They were marched to the train between heavy lines of military and deputies. A crowd of fully 1,000 people had collected to see the men placed on board. Among the spectators were wives and sisters, fathers and mothers of the deported men, and the scenes were very affecting. Mothers, sisters and sweethearts cried good bye and tried to push through the lines for a parting hand-shake.

Another party of exiled men will be sent out of the district to-morrow. Sixty men confined in the Cripple Creek bull-pen were taken to the county jail to day and charges of murder were placed against them.

Case Against the Miners.

CRIPPLE CREEK, COL., June 10.—Clarence C. Hamlin, Secretary of the Cripple Creek Miners' Association, issued a statement to-day in a reply to a telegram from a New York newspaper, asking him to present his side of the labor troubles here. Mr. Hamlin says the strike was not for an eight hour day, which already prevails, or for higher wages, the miners getting from $3 to $4 per day, but "to compel every miner in this district to join the Western Federation of Miners or leave the country. This organization has a record of lawless murder, arson and dynamiting in Butte and other places extending over a period of ten or fifteen years, which should appal humanity. Those outrages culminated here Monday when fifteen men were blown into eternity and nearly as many more maimed, so that death would be a mercy. The only parallel to this organization can be found in the Mollie Maguires of Pennsylvania, and their members were law abiding citizens compared with the organization which we have to deal with. The peace and quiet of the State demand that this organization be exterminated, root and branch. The responsibility for the above outrage is so well fixed that no person can belong to the federation and pretend to be a law abiding citizen."

Appeal to Roosevelt.

DENVER, COL., June 10.—The executive board of the Western Federation of Miners decided to day to appeal to President Roosevelt to investigate the condition in Colorado. Secretary W. D. Haywood was instructed to send the following telegram to the President:

"A duty devolves upon you as President of the United States to investigate the terrible crimes that are being perpetrated in Colorado in the name of law and order. We will render every possible assistance to the proper authorities in such investigation, to the end that the people of the country may realize the outrages that are being inflicted on innocent persons by those in temporary official power."

Brilliant Event at Wilmington's Favorite Resort To-night—A Fine Orchestra.

The social season at Wrightsville Beach will be formally inaugurated to-night with the brilliant opening ball at the Seashore Hotel. Manager Hinton has invited beach residents and the young people of the city to be present and the affair promises to be one of the most elaborate events of the year at Wrightsville.

The splendid orchestra which Manager Hinton has signed, reported for duty yesterday and it is said to be the very finest ever gotten together in the State. It consists of eight pieces and every member is an artist. Daily concerts in the morning and afternoon will be given in the hotel lobby throughout the Summer and there will be music for dancing in the ball room every night. Manager Hinton has gone to extra expense to provide the very best orchestra obtainable and he says he finds by experience that it pays. He is certain he has the best this year he has ever engaged.

Big Charlotte Excursion.

Charlotte *Observer*: Pritchard Memorial Baptist Sunday school will run its annual excursion to Wilmington and the seashore on the 22d inst., and, as heretofore, a large crowd and a good time is assured. These excursions have been marked by the good order and lack of rowdyism commonly accompanying such occasions, due largely to strict management by the committee in charge. The train, which will consist of ten coaches, will leave the Seaboard Air Line depot at 7 A. M., returning from Wilmington next evening at 8 o'clock, giving two days' outing at the seashore. Side trips will be made by the steamer down the Cape Fear to Carolina Beach, Fort Caswell and out on the Atlantic.

Excursion to Wrightsville Monday.

The Consolidated Railways, Light and Power Company has generously extended the Wilmington Police and Fire departments a complimentary excursion to the beach on Monday of the coming week. At night there will be special attractions at the Casino and all friends of the popular organizations are invited to go with them. Francis Tilero, the celebrated equilibrist, will give a marvellous exhibition of his skill and there will be music and dancing. Everybody is invited.

Line Between South Rocky Mount and Elm City to be Paralleled.

In an official advertisement elsewhere in to-day's paper, the A. C. L. Company invites proposals for the graduation and masonry for the second track between the points named.
